Terms of Service - Mtalkz Mobility Services Private Limited

1. Service Agreement

We appreciate your choice in using Mtalkz services (CPaaS, APIs, messaging, SMS, voice, WhatsApp Business API). By accessing our services, you kindly agree to these Terms. We may update or modify services from time to time to better serve you.

2. Your Responsibilities

We request your cooperation in the following areas:

- **Registration & KYC:** Please complete valid registration and provide current KYC documentation for service activation
- **Regulatory Compliance:** We kindly ask you to comply with TRAI, DoT, platform policies (Meta/WhatsApp, Google, Truecaller), and applicable laws. We encourage you to stay updated on policy changes as they may affect service delivery
- **Content Guidelines:** Please ensure your content complies with legal requirements and platform policies, and avoid unsolicited promotional messages without proper consent
- **Security Measures:** We recommend implementing strong security for your platforms and credentials to protect your account activities

3. Billing & Payment

To ensure smooth service delivery:

- **Usage Calculation:** Charges are calculated based on message/usage counts as recorded in our systems
- **Pricing Updates:** Please note that rate changes from us or third-party providers will be reflected in invoices as market conditions change. It is your responsibility to stay updated on pricing changes from third-party platforms (Meta, Google, TRAI, telecom operators, etc.). Please understand that you may not receive prior intimation of such changes, and the updated pricing reflected in your invoices shall constitute legally valid intimation and demand for payment
- **Payment Schedule:** We request payment as per the terms specified in your invoice; a service charge of 1.5% per month may apply to overdue amounts
- **Invoice Queries:** Should you have any concerns, please raise them in writing within 3 days of receiving your invoice
- **Service Continuity:** To avoid service interruption, we may need to suspend services if payments are significantly delayed
- **Statutory Charges:** Please note that GST, cess, and other applicable taxes will be added as per prevailing law

4. Service Usage & Our Policies

We strive to provide the best service experience:

- **Setup Assistance:** We encourage proper understanding and configuration of services before activation to ensure optimal results
- **Investment Protection:** Please note that quarterly/annual platform charges, unused credits, and services affected by policy violations or business changes are non-refundable to maintain service sustainability
- **Performance Expectations:** Our charges are based on usage delivery; while we work hard for your success, campaign outcomes depend on various factors beyond our control

5. Service Changes

Should you need to modify your services:

- **Advance Notice:** We would appreciate 30 days notice for general services, 15 days before renewal for quarterly services, and 90 days for virtual numbers/voice services to ensure smooth transition
- **Service Continuity:** Quarterly services will automatically renew to prevent service disruption unless you notify us otherwise
- **Financial Arrangements:** Pre-paid amounts and unused credits help us maintain service infrastructure and cannot be refunded upon termination

6. Our Service Commitment & Limitations

We are committed to providing quality service while acknowledging certain limitations:

- **Service Standards:** We provide services on a best-effort basis, working within platform and regulatory requirements
- **External Dependencies:** Service delivery may occasionally be affected by telecommunications networks, platform policy changes (Meta, Google, TRAI), or third-party infrastructure beyond our reasonable control
- **Liability Framework:** In the unlikely event of service issues, our liability is reasonably limited to the lesser of your average of monthly payments over 12 months or INR 25,000/-.
- **Excluded Circumstances:** We cannot be held responsible for indirect business impacts, lost profits, or security incidents on customer platforms, as these depend on factors outside our service scope

7. Additional Service Information

For your convenience:

- **Delivery Reports:** Please request delivery logs within 2 days of invoice receipt with a valid delivery link for efficient processing

- **Market Changes:** Regulatory or provider rate increases may need to be passed on to maintain service quality
- **Intellectual Property:** Our platforms, APIs, and technology remain our proprietary assets to ensure continued innovation
- **Mutual Protection:** We appreciate your cooperation in ensuring that any third-party claims related to your content or usage are handled appropriately

8. Legal Framework

These terms are governed by:

- **Applicable Law:** Indian law, ensuring familiarity and accessibility
- **Dispute Resolution:** Courts in New Delhi shall have jurisdiction for any disputes, subject to your specific agreement
- **Updates:** We may update these terms occasionally and will notify you of significant changes

9. We're Here to Help

Our dedicated teams are available to assist you:

- **Sales Support:** salesops@mtalkz.com
- **Technical Assistance:** support@mtalkz.com
- **Billing Support:** billing@mtalkz.com
